PROFESSIONAL PROFILE

Senior frontend developer with 8+ years of experience delivering responsive, accessible, and maintainable web platforms for government, healthcare, enterprise, and global training organizations. Skilled in React, Next.js, TypeScript, JavaScript, WordPress, and Webflow, with hands-on experience in web performance, technical SEO, CMS architecture, security, maintenance, and remote cross-functional delivery.

8+ YEARS EXPERIENCE | GOVERNMENT, HEALTHCARE & GLOBAL PLATFORMS | REMOTE DELIVERY

CORE SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, responsive design

CMS and platforms: WordPress, Webflow CMS, Sanity, WooCommerce, PHP templates, plugin maintenance

Quality: WCAG-aware accessibility, semantic HTML, Core Web Vitals, Lighthouse, technical SEO, cross-browser QA

Delivery: REST APIs, Git, GitHub, Agile collaboration, CI/CD concepts, Azure, Vercel, Cloudflare

PROFESSIONAL EXPERIENCE

Frontend Web Developer - Part-time | Co-Active Training Institute

Sep 2025 - Present | Remote | Contract through March 2027

- Support a global WordPress training platform with a reported community of 150K+ users across 60+ countries.
- Improve responsive UI, navigation, performance, accessibility, SEO, maintenance, and platform stability.
- Coordinate with Arlo, Moodle, server operations, marketing, and content stakeholders on cross-system delivery.
- Contribute to access reviews, plugin maintenance, technical risk reduction, and production troubleshooting.

Frontend Web Developer | Truenorth Corporation

Feb 2022 - May 2025 | Santo Domingo | Remote

- Administered the Puerto Rico Department of Education website for three years, publishing daily government updates and documents based on agency requirements.
- Created new landing pages and responsive content experiences using WordPress, Webflow, PHP, JavaScript, HTML, and CSS.
- Performed recurring website maintenance, plugin updates, content QA, security implementation, and production troubleshooting.
- Supported additional corporate and public-sector projects across CMS architecture, API integrations, migrations, performance, accessibility, technical SEO, and Azure-hosted environments.

Frontend Developer | D.MED Healthcare Group

May 2021 - Sep 2022 | Germany | Remote

- Designed and implemented responsive healthcare interfaces using WordPress, PHP, JavaScript, HTML, and CSS.
- Improved content hierarchy, service journeys, reusable UI patterns, and cross-device behavior.
- Built JavaScript-powered forms and collaborated remotely on production content and interface updates.

ADDITIONAL EXPERIENCE

IT & Intelligence Analyst | **DNCD**

Jun 2018 - Feb 2023 | Santo Domingo

- Supported security audits, incident response, policy updates, infrastructure hardening, and access controls.
- Worked with Azure Active Directory and delivered cybersecurity awareness training to internal teams.
- Applied security discipline that now informs frontend, CMS, access, and production-delivery decisions.

Full-stack Web Developer - Part-time | **Cybernetips**

Nov 2017 - Jul 2018 | Miami, FL | Remote

- Built client-facing web experiences and integrated frontend interfaces with APIs and backend services.
- Supported hosting, server administration, availability, and security for client platforms.

SELECTED WORK

Puerto Rico Department of Education - Three years of government website administration, including landing pages, daily content, document publishing, plugin updates, maintenance, and web security implementation.

Media Audit - Independent WordPress plugin product with PHP, MySQL, JavaScript/AJAX, batch processing, filtering, exports, page-builder integrations, and recoverable cleanup workflows.

Co-Active Training Institute - Ongoing frontend and WordPress support for responsive UI, navigation, performance, accessibility, SEO, maintenance, and connected platform coordination.
